### A Real Detective Story.

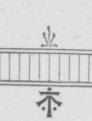

Tomorrow's Sunday Times will offer "The Case of the Big Pinger," by Scott Campbell. Like one of Conan Doyle's masterpieces it tells of the first meeting between a genius for crime and the only representative of the law who has succeeded in thwarting his lawless plans. The chief of the gang of criminals operating below the "deadline" has determined to "remove" the brainy detective, and tomorrow's story tells how the latter discovers the gang's rendezvous and comes face to face with the arch-conspirator.
